Student Council

Summerside Student Council reps shared updates on in-class activities like Valentines Escape Room and a Dragon's Den style contest.

Principal's Message

Dear Summerside Families,

We are restarting extracurricular activities for grades 7 & 8 students. We are hopeful that we'll be permitted to begin these soon for our primary and junior students as well.

We are also planning some virtual field trips and activities and look forward to when we can start using buses again to visit locations around the city for the great learning that happens with field trips.

Thank you to all our families for working as partners with us to keep all our students safe!

Stuart van Oostveen,
Proud Principal,
Summerside P. S.
